

# PCIe Dual Port Gigabit LAN Card

N-381 (PCIe Gb LAN WOL)

## Specification

- Fully compatible with PCI Express 2.1 specifications
- Compliant to IEEE 802.3, IEEE 802.3ab
- Supports for IEEE 802.3x Full Duplex flow control
- Supports IEEE 802.1Q Virtual LAN (VLAN) Tag
- Auto-Negotiation supports for Auto-Detect 10/100/1000Mbps data rate and Full/Half-Duplex operation mode
- Supports ACPI and PCI power management
- Supports Wake on LAN (optional)
- LED indicators for data transmission status
- Supports jumbo frame up to 9K bytes
- Automatic MDI/MDIX crossover at all speeds
- Throughput of one-lane PCI Express at 2.5 Gbps
- Supports Windows 7, 8 and 8.1
